January 6, 2021 Regular (Virtual) Meeting
TELECONFERENCING DETAILS

The January 6, 2021 meeting will be conducted via ZOOM, remotely, but is open to the public. The instructions for remote connection to the meeting are available here.

There are two ways for members of the public to attend meetings remotely. The preferred method is via the browser on your computer or smartphone. Each meeting will have its own unique link and phone numbers in order for participants to connect.

Browser: If you connect via your browser, you will be able to see the meeting participants on your screen as well as participate during public comment via chat. You may have to download zoom or other “plug ins” prior to using zoom, so please, to the extent possible, visit the zoom website ahead of time and explore the site. You may want to try signing in several minutes in advance.

Telephone: The second method is calling into the meeting via telephone. There are several numbers listed in the instructions you may use. If you connect via telephone you will need to enter the meeting ID.

Due to the extensive social distancing precautions being taken, Zoom highly recommends individual meeting participants make use of the audio from their PC or smart phone, so the dial-ins are not necessary at all. Using such devices will offer the best audio quality, does not involve dialing by phone, and therefore won't be impacted by the audio dial-in overloading.
